MANGASCAN

MADE BY DANIELE AMEN, ANTONIO CENTORE

WHAT'S ABOUT

A web app where you can scan and save your favorite manga or anime pages on a personal board, highlighting the ones that resonate with you the most. These can be commented on and viewed by other users, who can share recommendations or preferences based on their own tastes, either by sharing entire manga volumes or single pages.
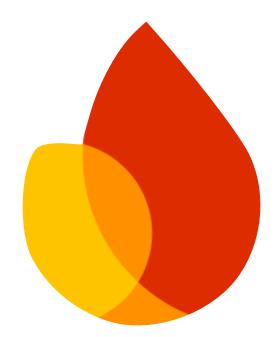

WHAT WILL USE

HTML   **JavaScript**   **Firebase**   **Python**
